PROFESSIONAL SUMMARY

Bridging humanities and engineering for 10+ years. Developed the 'Living Pantheon' artistic ecosystem. Specialized in generative systems, spatial computing (AR), and narrative-as-software primitives.

I am an artist-engineer bridging MFA-level narrative theory with Meta-certified technical execution. I build 'living' systems and performance-grade tools that treat code, sound, and language as a unified medium for exploration.

CORE TECH STACK

Astro

TypeScript

p5.js

Web Audio API

Narratological Theory

Generative Art

LEADERSHIP & STRATEGIC IMPACT

- **Mentorship:** Directed the academic growth of 2,000+ students across 100+ courses, applying UX principles to learning systems.
- **Fiscal Responsibility:** Raised \$2M in project funding and delivered a 328% ROI on major digital transformation initiatives.
- **Scale:** Managed 100+ concurrent multimedia and construction projects from concept to production-grade delivery.

EVIDENCE OF TECHNICAL IMPACT

Aetheria Classroom RPG [classroom-rpg-aetheria](https://github.com/ORGAN-III/classroom-rpg-aetheria) (<https://github.com/ORGAN-III/classroom-rpg-aetheria>)

Impact: Directed the full Theory-to-Art-to-Commerce pipeline for a gamified education platform. Engineered a recursive pedagogy system and managed a comprehensive post-mortem process to optimize product market fit.

PRODUCT EDUCATION GAME DESIGN

Generative Music System [generative-music](https://github.com/ORGAN-II/generative-music) (<https://github.com/ORGAN-II/generative-music>)

Impact: Developed a performance-grade audio synthesis engine using the Web Audio API. Mapped symbolic data structures to real-time sonic parameters for live generative composition.

ART AUDIO PERFORMANCE

Narratological Algorithmic Lenses [narratological-lenses](https://github.com/ORGAN-I/narratological-lenses) (<https://github.com/ORGAN-I/narratological-lenses>)

Impact: Translated classical narrative theory (Aristotle, Propp) into executable software lenses. Created computational tools for analyzing and generating structural plot arcs.

THEORY NARRATIVE

TurfSynth AR (My Block Warfare) [block-warfare](https://github.com/ORGAN-III/block-warfare) (<https://github.com/ORGAN-III/block-warfare>)

Impact: Engineered 'TurfSynth AR,' a spatial computing concept applying neighborhood topology to location-aware gameplay. Bridged physical environment data with game-state persistence.

COMMERCE GAME

PROFESSIONAL HISTORY

Independent Creative Technologist

2021 — Present

Designed and launched the eight-organ orchestration system coordinating 170+ repositories across 8 GitHub organizations. Built recursive-engine.

Digital Marketing Manager

2023 — 2024

Miami Dade College Foundation

- Designed and executed digital campaigns increasing donor engagement by 32%.
- Rebuilt foundation website — 38% traffic growth, 22% improvement in donation conversions.
- Produced multimedia storytelling content driving 28% increase in click-through rates.
- Developed social media strategy boosting engagement rates across platforms by 23%.

Multimedia Specialist & Lead Developer

2011 — Present

AJP Media Arts

- Architected and deployed video, audio, and visual systems achieving 17.5M+ views and \$2M in revenue.
- Integrated high-performance SEO and paid media strategies achieving 290% ROI.
- Developed and managed client web infrastructure with 42% engagement increase.
- Engineered intuitive UI/UX patterns — 26% satisfaction increase, 35% retention improvement.

Instructor (Systems & Rhetoric)

2015 — Present

Various Institutions (MDC, FAU, Nova)

- Designed and delivered 100+ courses to 2,000+ students, applying UX principles to pedagogical architecture.
- Translated complex theoretical frameworks into actionable learning protocols with a 92% approval rating.
- Optimized student retention by 24% through performance-data-driven instructional iterations.

Project Manager

2007 — 2018

Majestic Design

- Led 50 commercial and residential construction projects from concept to completion.
- 90% on-time and within budget delivery.
- Collaborated with marketing teams on 3D renderings and video walkthroughs.

EDUCATION

M.F.A. Creative Writing

Florida Atlantic University

2015 — 2018

B.A. English Literature

CUNY College of Staten Island

2010 — 2014

| CERTIFICATIONS

Meta Full-Stack Developer (2023 — 2024)

Google UX Design (2022 — 2023)

Google Digital Marketing & E-commerce (2022 — 2023)

Google Project Management (2022 — 2023)

This resume is a market-aligned view of a Logocentric Architecture.
